For Sweetening Cereals

Sugar for cereals must dissolve quickly.

And it must be sweet enough to make the cereal palatable.

Not all sugars meet these requirements.

But there is one that does—and in a way to satisfy the most critical.

It's Utah-Idaho Extra Fine Beet Sugar.

Experts have tested and compared it with others of the world's best sugars.

And they pronounce it perfect.

Particular people everywhere give it preference.

Order a sack today, and let it prove itself to you as it has to others.

SPECIAL TO WOMEN

The most economical, cleansing and germicidal of all antiseptics is

Paxtine

A soluble Antiseptic Powder to be dissolved in water as needed.

As a medicinal antiseptic for douches in treating catarrh, inflammation or ulceration of nose, throat, and that caused by feminine hygiene it has no equal.

For ten years the Lydia E. Pinkham Medicine Co. has recommended Paxtine in their private correspondence with women, which proves its superiority. Women who have been cured say it is "worth its weight in gold."

MAY COMPEL USE OF THE STEEL POLES

Problem of Support for Electric Wires in Paved District Still Unsettled.

The advisability of forcing the Utah Light & Railway company to erect steel poles in lieu of wooden poles on all paved streets in the city was discussed by the city commission yesterday. It was decided to meet with the company officials and go into the matter.

A city ordinance requires the steel poles, which are more slightly in the paved district than the wooden ones, but some question has been raised as to the safety of the steel poles. The matter came up through a report from the city engineer to the effect that the company had refused to move certain wooden poles when requested to do so on half a dozen streets paved last year. The ordinance may be amended.

At the same meeting the commission will take up the proposal of the Utah Light & Railway company to furnish the city a blanket bond for electric signs provided the city will force merchants who maintain these signs to keep them lighted four hours each night in the winter time and two hours each night in the summer. The city is planning to take out some such blanket bond in order to save merchants the trouble of filing individual bonds each year, and the proposal of the light company may be considered favorable unless it is found that the city has no lawful right to force merchants to comply with the provisions imposed.

UTAH ELECTRIC CLUB HEARS TWO ADDRESSES

W. S. McCarthy of This City and H. S. Sands of Denver Are the Speakers.

W. S. McCarthy of the Salt Lake tariff bureau was the speaker at yesterday's luncheon of the Utah Electric club in the Commercial club. H. S. Sands of the Denver office of the Westinghouse Electric company, member of the Colorado Electric club, was the other speaker. Plans were also begun for the annual banquet of the Utah club and the entertainment committee was instructed to select a date and make other preparations.

Mr. McCarthy discussed the proposed raise of 10 per cent in the railroad freight rates in Utah and Idaho. He said that while the railroads might be in serious need of an increase in revenue he objected to any discrimination against Utah and Idaho in any other single section. He said he believed the increase should be general.

Mr. Sands told the Utah Electric club how the Colorado organization had been reorganized and the benefits derived. The Colorado Electric club recently combined with the Colorado Traffic club.

STAY OF MONTANANS IN THE CITY IS BRIEF

They were scheduled to arrive here at 9 o'clock yesterday morning and remain over for three hours. Plans had been made for informal entertainment, but the delay necessitated an abandonment of the plan. The excursionists, however, will be permitted to stop over for five days on the return trip if they so desire.

Praises This Remedy for Lung Trouble

Many people are led to believe that Lung Trouble is a disease which cannot be conquered. This is wrong, as many have fully recovered their health. A change of climate has helped some, but many more have been restored to health by breathing the freshest air, eating well cooked wholesome food, being temperate in their habits and adding the tonic qualities of Eckman's Alternative medicine for Throat and Lung Troubles. Investigate this case.

Bowling Green, Ky., R. No. 4.
"Gentlemen: The spring of 1908 I had a severe cough for six months. I tried all the medicine that my doctors recommended to me, but no results came from the better. I had night sweats, and would cough and spit until I got so weak I could hardly do anything. But, at last, James Dering, of Glasgow Junction, insisted that I try your medicine. In one week's time there was quite an improvement in my condition, and after I had taken several bottles I felt as well as ever in my life. I firmly believe that Eckman's Alternative will relieve any case of lung trouble if taken before the last stage."

(Affidavit) A. C. BETTERS WORTH.

(Above abbreviated; more on request.)

Eckman's Alternative has been proven by many years' test to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stomach Colds and in unbuilding the system.
